Discovery – Exploring the Universe of Music

Discovery – Music Education by Gstaad Menuhin Festival & Academy

For the eighth consecutive year since 2017, DISCOVERY is embarking on a vibrant musical journey, offering a wide array of activities and concerts tailored for children, youth and people with disabilities. DISCOVERY presents an assortment of experiences, from cozy concerts for the littlest ones to engaging workshops, accompanied rehearsals and concert excursions, as well as special concerts for children and families. Participants are encouraged to be attentive listeners or dive into their own creative expressions. Additionally, they get a backstage pass to meet outstanding musicians in person. Infused with joy and excitement, DISCOVERY opens doors to the magical realm of music, providing platforms to actively participate, explore new avenues and cultivate a deeper connection to the Festival world.

Participation in activities like “Concert for the little ones”, “Behind the Curtain”, “Musical Delight” and “Play-Along Kids’ Concert” is free for children and young people. Teenagers and people with disabilities can enjoy the offerings of “Concert+” and “Inclusive Culture” for 10 Swiss Francs. Residents of the Saanenland, Obersimmental, and Pays-d’Enhaut regions also get free entry. We adapt flexibly to the composition of groups, allowing for events not only in German but also in English.

The Discovery programmes are made possible through the generous and much-appreciated support of patrons, foundations and sponsors.

The “Stars in the Classroom” programme invites local schools to experience concerts together in the Gstaad Festival Tent. These concerts, featuring international orchestras and global stars, offer rich content for comprehensive classroom preparation. Additionally, efforts are made to connect the classes with artists who may visit their classrooms. Upon request, a comprehensive dossier is provided to aid in preparing classes for the concert experience. This is a customizable offering, crafted to align with the musical interests of the youth! Our “@school” events are also tailored for holiday camps and summer retreats. Workshops, rehearsals, and concert visits can be customized ‘à la carte’ for each group upon request.
